

Noah's Ark Gathering Game:

2-8 players

Each player gets an ark raindrop board

Copy off all animal cards, Noah cards, and ark cards.

Use buttons for game pieces (1 for each player)

2 Players use: 3 Noah cards, 3 ark cards, and 4 pair animal cards.

3 Players use: 3 Noah cards, 3 ark cards, and 5 pair animal cards.

4 Players use: 4 Noah cards, 4 ark cards, and 5 pair animal cards.

5 Players use: 5 Noah cards, 5 ark cards, and all animal cards.

6 Players use: 6 Noah cards, 6 ark cards, and all animal cards.

7 and 8 Players use: all cards

Shuffle and deal out all cards evenly. If there are extra cards, place to the side as the "Trading Pile". Place game pieces on ark "Start".

1. Choose someone to be the master (caller)
2. The master makes sure everyone is ready to 'Gather" or trade.
3. When the master calls out 'Gather" everyone picks one card from their hand and places it face down for the person on the right.
4. Then players (which is everyone) picks up, from the left, the new card.
5. Trading Pile; You may have 2 trades per round by asking the master before the call, and trading 1 card in you hand for 1 "Trading Pile" card. (Choose from the top of the pile and place 1 face down under the pile.) Anyone can trade in between calls.
6. Repeat 2-4 until the round is over.
7. Once a player has gathered 1 noah card, 1 ark card, and 2 animal cards of the same kind that player lays down their hand and says, "All gathered".

8. The winner of that round moves his game piece up the raindrops toward the cloud.

9. Gather cards, shuffle, deal, and continue rounds until someone wins by getting to the finish cloud.

Copy off ark raindrops card and cut in half. The board has 2 copies on it.

You can have 10 players, and use all cards...it will be more of a challenge.
