“Elijah the Prophet” in *Old Testament Stories*

1. The kingdom of Israel had no rain, and water was running out. King Ahab and Queen Jezebel did not like the prophets of the Lord. They even had some of the prophets killed. The king and queen prayed to idols for rain. But the prophet Elijah told them the Lord would not send rain for years.

The king and queen were angry at Elijah. The Lord warned Elijah to hide because his life was in danger.

2. The Lord led Elijah to a stream and sent birds to bring him food. But because there was no rain, the stream dried up, and Elijah had no water.

3. The Lord led Elijah to a woman in a faraway city. Elijah asked her for water and bread. But she had only enough for herself and her son for one more day.

Elijah knew it was her last bit of food. He promised that if she fed him, the Lord would provide food for her family until the rains returned.

4. The woman made bread for Elijah. Then her oil and flour multiplied! There was enough food for both Elijah and her family for many days.

5. One day the woman’s son got sick and died. She asked Elijah why the Lord would let this happen to her.

6. Elijah had the priesthood. He blessed her son and asked the Lord to allow him to come back to life. The child breathed again, and the woman knew Elijah was a prophet of the Lord.

Idea:

You can copy, cut and fold the booklet or you can copy and cut out pictures and use another paper (construction) and paste the pictures. Remember to use the pattern of the numbered rectangles so the booklet folds correctly.

How to Make a Six-Page Book With One Sheet of Paper!

1. One sheet of white paper. 12" X 18" is a good size to use.

2. Fold in half lengthwise. Also known as a "Hotdog Fold".

3. Fold in half again.

4. Fold in half again.

5. Now you have a very small folded sheet of paper. But it isn't a book yet.

6. Unfold everything. Now it is a big sheet of paper with lots of fold lines.

7. Fold in half in the middle- this time a "Hamburger Fold". Make a mark with your pencil in the center of the folded sheet. Take your scissors and cut from the *folded edge* to the center dot. Stop cutting at the dot!

8. Unfold your sheet of paper. It should look like this with an open slit in the middle. Fold it in half length-wise again. (Hotdog Fold.)

9. Push folded edges towards center allowing the slit to open up into a diamond shape.

10. Keep pushing edges together until diamond becomes a slit again, perpendicular to folded edges.

11. Fold one edge toward slit and the opposite slit toward folded edge.

12. Be sure to go over the creases to make them sharp. Now you have a small six-page book!
