How to make the booklet

How to Make a Six-Page Book With One Sheet of Paper!

1. One sheet of white paper.
12" X 18" is a good size to use.

2. Fold in half lengthwise. Also known
as a "Hotdog Fold".

3. Fold in half again.

4. Fold in half again.

5. Now you have a very small folded
sheet of paper. But it isn't a book yet.

6. Unfold everything. Now it is a big sheet of
paper with lots of fold lines.

7. Fold in half in the middle- this time a "Hamburger Fold".
Make a mark with your pencil in the center of the folded
sheet. Take your scissors and cut from the *folded edge* to the
center dot. Stop cutting at the dot!

8. Unfold your sheet of paper. It should look
like this with an open slit in the middle. Fold
it in half length-wise again. (Hotdog Fold.)

9. Push folded edges towards center allowing the slit to open
up into a diamond shape.

10. Keep pushing edges together until
diamond becomes a slit again,
perpendicular to folded edges.

11. Fold one edge toward slit and
the opposite slit toward folded edge.

12. Be sure to go over the creases
to make them sharp. Now you
have a small six-page book!
